Covering The County

READ BY 15,000 PERSONS
EVERY WEEKRATES : IN ADVANCE —
\$2.00 Per Year in Canada
\$3.00—U.S.A. and ForeignSUB-DIVISION
OPEN THURSDAY

Napanee's new 21-house sub-division will be officially opened here Thursday afternoon at 3.30 o'clock and the general public is invited to attend.

Hon. William M. Nickle, of Kingston, Ontario Minister of Planning and Development, will officiate, and the first tenants will be Sheriff Harold W. Webster and Mrs. Webster, and their three children, Pamela, 13; Geoffrey, 11, and Peter, 9.

The project is located at the north end of Simcoe St. adjacent to the present Park Lawn section and the homes are being built by a joint municipal - provincial - federal scheme.

Napanee will be represented at the ceremonies by Mayor Alvin S. Wartman. Sheriff and Mrs. Webster will be presented with the keys to their new three-bedroom dwelling. There are also four - bedroom and two-bedroom houses in the development and all of the 21 houses have been rented except some of the three-room homes. Rents are \$32 per month, \$67 and \$71, depending on size.

To obtain one of the houses an applicant must be earning four times the rent he expects to pay and not more than six times. This is to ensure that tenants can afford the house and also that those whose income is limited will be provided with housing.

Six of the houses will be ready for occupancy by June 1 and the tenants for these six will be: Sheriff Webster, James A. Eadie, Sgt. W. L. M. Kingsbury, Jack Kernan, Francis Richards and County Assessor James Maloney. The remainder will be occupied as they are completed.

CORRECTION

A correction regarding the Cancer Society drive returns as published last week, has been requested by Millhaven Women's Institute. Millhaven W. I. raised the \$119.25 contributed to the cancer drive by a canvass of the district. It was Amherst Island W. I. which held a euchre to raise funds.

Census
Enumerators
Announced

Census enumerators have been appointed for this electoral district for the census to be taken this year by census taker Wallace B. Perry, of Napanee.

Enumerators in Lennox and the districts they will cover, are as follows:

Leslie Glenn, Stella, for Amherst Island; Mrs. Hilda Sams, R. R. 3, Collins Bay, Ernestown; Mrs. Elizabeth Lucas, of R.R. 4, Odessa, Ernestown; Leslie Beazer, Bath, Ernestown; Mrs. Marion Huff, Wilton, Ernestown; Walter Scouter, R. R. 1, Odessa, Ernestown; Mrs. Lois E. Huyck, R.R. 2, Bath, South Fredericksburgh; Mrs. Mary E. Grooms, R.R. 2, Napanee, South Fredericksburgh; Harold Haight, Bath, Adolphustown; Mrs. Bernice Moore, R.R. 3, Napanee, North Fredericksburgh; Mrs. Kathleen Coathup, R. R. 3, Napanee, North Fredericksburgh; Marshall Vanaalstine, Napanee, North Fredericksburgh; John Caldwell, R. R. 5, Napanee, Richmond; Mrs. Myrtle Hart, R. R. 6, Napanee, Richmond; Bertram Asselstine, R. R. 1, Maribank, Richmond; William Paul, Roblin, Richmond; Mrs. Marjorie Kayler, Napanee, Napanee East; Donald A. Scott, R.R. 6, Napanee, Napanee West; Miss Mary E. Vandewater, Bath, Bath.

MRS. D. R. HALL
TO HEAD HOSPITAL
DRIVE IN COUNTY

Councillor, Mrs. Duane R. Hall has been appointed chairman of Napanee and Lennox and Addington County for the Kingston General Hospital Building Fund, it was announced by Arthur L. Davies, general chairman of the fund, this week.

MRS. DUANE R. HALL

Mrs. Hall has already formed a committee for this district, consisting of: Mayor Alvin S. Wartman, Bruce McPherson, Harry L. VanLoven, Reeve Douglas Alkenbrack, Robert Wartman, Lt. Col. Gordon W. MacGregor and Mrs. W. Everett Smith.

RED CROSS WILL
CONDUCT WATER
CLASSES AGAIN

At a recent meeting of the Lennox and Addington County Branch of the Canadian Red Cross Society, the vice-president, Gordon W. MacGregor, presided in the absence of the president, Mrs. C. D. McLellan, and the treasurer, W. W. Creswick, gave a brief financial report, showing that funds of the 1935 campaign were spent locally and that no remittance was made to headquarters.

The local unit has sponsored swimming activities throughout the county by water safety and swimming instruction classes, under the chairmanship of John V. Olsson. This organization was supported by donations from the county council, town council, service clubs, etc. and the Red Cross contributed the additional funds necessary to cover expenses.

Since instructions are now available it was decided to advise Mr. Olsson and his committee that the Red Cross will again sponsor the swimming activities under his leadership.

Miss Mary Pae, a county health nurse, reported that the Red Cross is doing a splendid service in providing cod liver oil for children throughout the county. It was also reported that the loan cupboard is active and a much appreciated Red Cross service here.

ed

Federation Asks Grain Subsidy

the second will urge the O. F. A. to put pressure upon the wheat board to see that there is always an adequate supply of coarse grain at the lakehead, for use by Eastern Canadian farmers.

It was decided that the Federation will prepare material for the Saturday morning broadcast over Radio Station C. K. W. S., Kingston, during the summer months, the day being the first Saturday of the month. A committee will arrange for this broadcast. The first committee is composed of Jan Schokking, Stefan Greclanu and the president.

Jan Schokking reported that Adolphustown Township Federation of Agriculture had the agricultural representative, W. Newton T. Ashton, at their last meeting. Their new officers are as follows: President, Jan Schokking; vice - president, R. M. Dayerne; secretary, Stefan Greclanu.

Mr. Haight reported that South

Fredericksburgh Township Federation had decided to recess until October. County forester, William E. Edwards, was present at their last meeting.

The National Farm Forum annual meeting will be held this year at the Blinkbonnie Hotel, Gananoque, on June 4 and 5. Topics for the coming farm forum season will be chosen, and one of the highlights of the conference will be a presentation on "The Challenge for Adult Education in the Farm Movement and Rural Community." It is hoped that many from this county will be able to attend when the conference is so close by.

There will be a soil - judging competition in this county on June 21. The Soil and Crop Improvement Association of Ontario is planning a good-will tour to Eastern Canada from July 5 to 20, with an interesting and full program at a cost of \$315 per person, which includes everything but tips.

When the Second World War broke out they were again called up by the tens of thousands, with their fishing steamers and motorboats to render service for their country in all parts of the Northern Hemisphere as mine sweepers and patrol boats. The late Mr. Close, who died on March 1 of this year at his home in Ilford, England, also invented the electric net for ensnaring submarines, for which another man was given credit, and during the period between the two wars he prepared a detailed plan of the Battle of Jutland, for which he was highly congratulated by Admiral Jellicoe, and his work was climaxed by the preparation of a map entitled 'The British Empire at Bay on the Western Front.' This was accomplished with the aid of confidential headquarters maps placed at his disposal by Lord Haig, and shows the tremendous German forces massed on the whole British front and the actual British forces opposing them on March 21, 1918.

In order to prepare simplified charts for the fishermen the late Mr. Close used to take the requirements of the most illiterate skipper as a nucleus from which to work. Many examples of his work, both in the form of maps and text, have reached The Beaver Office over the years, sent from Mr. Close, and a history of Great Britain in map form in the possession of Miss Farnie Close, Napanee, is a striking example of her brother's work.

In 1927, Mr. Close drew up a chart of the Dover Patrol operations, incorporating both the German and British Admiralty records. This was an interesting production which conveyed a vast amount of diversified information, including photographs and of the leading U-boat commanders, with their deprecations.

He also made a detailed map of the Western Front which became accepted as the standard record for practically the whole British Army.
